

Claim 21 (currently amended) [A] The switch device [according to any one of claims] set forth in claim 18[to 20], wherein the detector [means] includes a second detector device [that is] arranged to detect electrical systems [with] having a frequency of approximately 50_Hz or approximately 60_Hz.

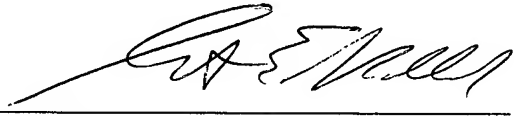

REMARKS

The captioned Application has been amended to comport with U.S. practice, and, in so doing, to better define the invention without limiting effect. No new matter has been added. Favorable consideration of this Application on the merits is earnestly solicited.

Respectfully submitted,
